

MAINTENANCE POLICY

In order to provide safe, reliable transport services, CDM Logistics Pty Ltd understands, and is committed to maintaining, safe, reliable and ROADWORTHY Vehicles.

This is achieved through a properly planned and executed maintenance program.

This maintenance program includes DDWs of vehicles by Drivers/Subcontractor/s, planned servicing, regular roadworthiness inspections, effective fault reporting and rectification, and designated responsibilities.

The procedures outlined in this manual are a true account of the maintenance practices for CDM Logistics Pty Ltd.
